How to Find the Perfect Wine Pairing in Less Than 2 Minutes Your browser does not support the video tag. If you enjoy wine but never know what to serve with your meals If you cant commit to memory what pairs best with salmon or pheasant If youre out of Chardonnay for your pesto dish and dont know what else to pair it with Then this message is for you. Heres why Small Mistakes Can Lead to BIG Changes For Flavor Most people only look at things on the surface level. If youre serving chicken, pair it with this. For fish, pair it with that. But there are subtle nuances that can turn a beautiful pairing into a spicy or sour disaster. It can weigh down a wonderfully light meal. And it can totally destroy the well-balanced flavors of the home-cooked meal you worked so hard to create. Thats why I paired up with my friend Jenny Polack to create a solution. [...]
